

Avvertenze

In order to enhance the scholarly value of this transcription of Green's catalogue to the Eastlake Library the following additional information has been added:

Current location: The current National Gallery Library location marks have been appended; these are listed in square brackets ([NG Lib. ...]) at the end of each entry. If a book is currently located in the Technical Library of the Scientific Department then the expression 'NG Tech. Lib' is substituted for 'NG Lib.' Whenever there are two copies of the same book that have been given the same classmark, this is noted in brackets.

Dr Susanna Avery-Quash,
Research Curator in the History of Collecting & Display, The National Gallery, London

Elsbeth Hector
Head of Libraries & Archive, The National Gallery, London
